Brilliant ...:)

01:53 - **Verena Roberts**  
@Inukchuck

02:25 - **Lissa**  
(gorgeous photo!)

03:02 - **Brianne (@B\_KOL)**  
Awesome pic!!

03:05 - **Chris Margocs**  
Wonderful!

05:38 - **Verena Roberts**  
@Linda - Do you see things now?

05:41 - **Chris Margocs**  
Will have to pass this along to our counselor.

07:06 - **lindaloneran**  
stuck on one slide of a mouse

09:03 - **Verena Roberts**  
Slides aren't up yet....I think you're stuck....can you hear? Looking for Blackboard Link...

09:19 - **Verena Roberts**  
I can

09:24 - **Ilene**  
i can too

09:25 - **Chris Margocs**  
I can see them

09:27 - **@shanpoulsen**  
I can!

09:30 - **Verena Roberts**  
It's just one person...

09:34 - **Sandra**  
I can see them

10:54 - **Verena Roberts**  
Linda - this is the Blackboard help link:

10:55 - **Verena Roberts**

11:04 - **lindaloneran**  
stopped?:(

11:18 - **Verena Roberts**  
No - still going....)

11:35 - **Suz Arnott**  
so very true... my teen kids say exactly that... "oh mum, you worry too much!"

- 12:04 - **Kathy Mouton**  
Do some begin to believe the bully?
- 12:23 - **Brianne (@B\_KOL)**  
@Kathy Yes.
- 12:38 - **Suz Arnott**  
I am glad they are resilient, but they do have to stand up and let the people bullying know it's not acceptable
- 12:44 - **Dan Lemay**  
There has been consequences hand out to students who have bullied others on FB at my school. The bullying was deemed disruptive to the school environment.
- 13:00 - **Kathy Mouton**  
losing the little self-confidence they have.
- 13:07 - **Chris Margocs**  
It's addressed in our AUP as well.
- 13:12 - **Suz Arnott**  
true Kathy
- 14:06 - **Kathy Mouton**  
Need to let counselors and district folks aware of Bill's work.
- 14:20 - **Verena Roberts**  
Yes - for sure!
- 14:23 - **lindalonerger**  
recently have seen many adults being bullies
- 14:25 - **Chris Margocs**  
Definitely adding his sites to my Mightybell page!
- 14:26 - **Lissa**  
(sure wish Montreal area schools would invite Bill to come speak)
- 14:42 - **Verena Roberts**  
Bill was just in Las Vegas...
- 14:43 - **Kathy Mouton**  
Can his course be presented to a group?
- 14:52 - **Lissa**  
I'll PUSH for it, Bill!
- 15:36 - **Sharla**  
somebody mute please
- 15:38 - **Chris Margocs**  
Getting an echo....
- 15:57 - **Brianne (@B\_KOL)**  
better
- 15:58 - **Chris Margocs**  
Sounds better
- 16:03 - **Lois Cox**  
That is better. No echo here.

16:47 - **@tasteach**  
Bill we can do an app share by watching it on your computer

17:37 - **Verena Roberts**  
Bill we can do an App share (watch off your computer) if you like....

17:39 - **ninapeery**  
Bill, what caused you to be interested in this topic?

19:30 - **ninapeery**  
Wow, did not know that about Nokia.

19:56 - **@tasteach**  
they were probably texting each other instead of speaking to each other

20:17 - **Verena Roberts**  
;) @tasteach...

20:48 - **Chris Margocs**  
Immature frontal lobes.....

20:54 - **Verena Roberts**  
Fascinating!

21:03 - **@shampoulsen**  
So glad that you said that about teens - my son must be normal! :)

21:15 - **Chris Margocs**  
Just learned that frontal lobes are fully developed until 20's....

21:25 - **Chris Margocs**  
Meant "aren't"...

21:31 - **@shampoulsen**  
Very interesting chris!

21:57 - **lindalobergan**  
blank screen

22:17 - **Verena Roberts**  
@Linda - oh dear - again? or still....

22:29 - **Verena Roberts**  
<http://support.blackboardcollaborate.com/ics/support/default.asp?deptID=8336&task=knowledge&questionID=1473>

22:46 - **lindalobergan**  
in and out

23:05 - **lindalobergan**  
mouse picture again

23:19 - **@tasteach**  
@linda are you connected with wireless or cable?

23:33 - **Verena Roberts**  
The mouse is always on the side, you are missing the image in the middle...so you're getting half the image...

23:43 - **lindalobergan**  
wireless

23:52 - **Verena Roberts**

Can you plug in?

24:05 - **Kathy Mouton**

I am more comfortable chatting online than f2f, so I can understand how cyberbullying is easier for some kids.

24:12 - **@tasteach**

when you joined the room did you say wireless connection? or just accepted cable /DNA?

24:19 - **@tasteach**

DNS sorry

24:19 - **lindalobergan**

no

24:31 - **lindalobergan**

wireless

24:39 - **@tasteach**

that might be the problem as well, need to say you are on wireless connection

24:50 - **Chris Margocs**

Good point about technology changing!

25:44 - **Suz Arnott**

and how to dodge the proxy server...LOL

26:10 - **Lissa**

VERY pleased with response from police departments

27:13 - **Kathy Mouton**

So, awareness of multiple uses of technology/digital media is critical for adults--teachers and parents

27:20 - **@tasteach**

often both parents and teachers don't know these things

27:45 - **Kathy Mouton**

They are an audience to appeal to

28:51 - **Kathy Mouton**

Need to have possible resolutions as we present info so we don't just create the fear with an option to resolve.

29:07 - **Kathy Mouton**

should be without oops1

29:40 - **Kathy Mouton**

I am thinking faster than I can type!

30:05 - **Verena Roberts**

Has anyone been cyberbullied as an adult?

30:19 - **@tasteach**

no

30:22 - **Chris Margocs**

Teachers can foster relationships by having students act as greeters at the door; hard to bully someone you say hi to...

30:23 - **Kathy Mouton**

No, but been fullied f2f

- 30:40 - **Lissa**  
I've been cyberbullied - I'm an adult
- 30:41 - **Kathy Mouton**  
OOPs again--bullied
- 30:49 - **Chris Margocs**  
Got into a flame email exchange, not good....
- 30:56 - **Lissa**  
felt so invaded
- 30:57 - **Verena Roberts**  
I get intimidated...is that cyberbullied too?
- 31:06 - **Lissa**  
yes it is
- 31:10 - **lindalorgan**  
Adults are even more sneaky
- 31:12 - **Kathy Mouton**  
Could be if the intent is there
- 31:14 - **Lois Cox**  
Chris--that is a good idea.
- 31:36 - **Sharla**  
Did anyone see 20/20 on Cyberbullying?
- 31:36 - **Chris Margocs**  
@Lois :)
- 31:39 - **Verena Roberts**  
[www.bullyingcourse.com](http://www.bullyingcourse.com)
- 31:52 - **Kathy Mouton**  
Sorry, folks. My fingers are not working this evening and I am misspelling lots
- 32:23 - **Lissa**  
The problem with the Quebec "law" is that there is no prior education on the topic
- 32:31 - **Lissa**  
so correcting something you're untrained in is backward
- 32:37 - **Chris Margocs**  
Specifically about cyberbullying, Bill, or about bullying in general?
- 32:43 - **Verena Roberts**  
Ask Shannon - I always type too fast and make mistakes!
- 32:48 - **ninapeery**  
I have the "Report a Bully" as a widget on my blog at [keystrokes.wonecks.net](http://keystrokes.wonecks.net).
- 33:03 - **Kathy Mouton**  
Interesting, Nina
- 33:08 - **Chris Margocs**  
Like that, Nina!
- 33:37 - **Verena Roberts**  
Isn't that always the problem - no previous education? So now teachers have to learn for themselves - what they want to learn...:)

- 33:48 - **Lissa**  
I've spoken to student teachers at Concordia University who have no prior education in bullying or cyberbullying...they'll be expected to implement an anti-bullying plan of action - and they have no clue how to go about doing it
- 33:50 - **ninapeery**  
Still just see white screen
- 34:24 - **Suz Arnott**  
thought it was just me nina :)
- 34:27 - **ninapeery**  
Interesting slide. My digital citizenship course ends with the students getting their "Web license"
- 34:32 - **Kathy Mouton**  
But, couldn't cyberbullying be buildt into internet etiquette, etc.
- 34:47 - **Suz Arnott**  
it's pouring here... so connections get very dodgy
- 34:56 - **Verena Roberts**  
yes it is a part of digital citizenship..) I think at least :)
- 34:59 - **Lissa**  
Parenting 101
- 35:11 - **Suz Arnott**  
communication is the absolute key
- 35:32 - **@shapoulsen**  
Does not sound lame - kids need to know parents care.
- 35:34 - **Kathy Mouton**  
We teach skills to be used outside of classroom, so digital citizenship (bullying) should not be held to credentials.
- 35:36 - **Brianne (@B\_KOL)**  
I once had a parent tell me she didn't have time to talk to her kid. Worst conference ever.
- 35:46 - **Suz Arnott**  
but parents often feel disempowered because they don't "understand" the whole connected thing
- 35:53 - **Chris Margocs**  
My kiddo wasn't allowed internet access in her room til late in high school...public room access only til then.
- 35:54 - **ninapeery**  
Here is the link to presentation I have done with links to my license page, etc if anyone is interested
- 35:58 - **Verena Roberts**  
Had a few of those...Adults on cel phones during conference :)
- 36:03 - **@tasteach**  
are all these slides going to be available after this session if we save the whiteboard?
- 36:20 - **Verena Roberts**  
Yes @tasteach ...Will put into course :)
- 36:29 - **@tasteach**  
great, thanks

- 37:18 - **ninapeery**  
Sorry, here is the link [slideshare.net/peeryn/digital-citizenship-ss-6782077](http://slideshare.net/peeryn/digital-citizenship-ss-6782077) You can also link to it from my Presentations page on my blog at [keystrokes.wonecks.net](http://keystrokes.wonecks.net)
- 37:20 - **Kathy Mouton**  
I know we can't tell parents what restrictions to place on their children, but we can inform parents of good learning, good communication, good digital practices.
- 37:47 - **Kathy Mouton**  
They then can choose.
- 37:57 - **@shanpoulsen**  
Kids will not always remember what they hear but they remember how a caring parent made them feel.
- 38:15 - **Kathy Mouton**  
YES!
- 38:16 - **Faye McConnell**  
digital training wheels i like that
- 38:53 - **Kathy Mouton**  
Some parents are bullied by their children to give them access to these tools.
- 39:10 - **Verena Roberts**  
@Kathy - good point....I have seen that too...
- 39:17 - **Suz Arnott**  
(\* ) @Kathy
- 40:24 - **Lissa**  
Chat Roulette is insidiously toxic
- 40:26 - **@tasteach**  
looks like a great storm happening near you Bill
- 40:27 - **Kathy Mouton**  
Youtube video of parent literally shooting his daughter's computer because she misused computer was applauded by some parents. Huh?
- 41:03 - **Kathy Mouton**  
US Disney TV has digital media at all ages. Tough competition.
- 41:23 - **Lissa**  
Kathy, that father makes my blood boil - there was another case too - Denise Abbott
- 41:46 - **Kathy Mouton**  
The comments were bad as well! He became a hero
- 42:00 - **Chris Margocs**  
@Kathy--saw that video, was horrified by the violent answer to the issue at hand. No lessons taught there!
- 42:05 - **Lissa**  
he did - went on the talk show circuit
- 42:13 - **Lissa**  
has a blog - people emulating him
- 42:25 - **Kathy Mouton**  
Learn how to drive; learn to navigate cyberspace--no brainer
- 43:38 - **Verena Roberts**

All content covered at some point in #DigiFoot12 - Nice conclusion :)

43:56 - **Kathy Mouton**

Yep!

44:21 - **Suz Arnott**

banning and blocking does nothing to help us develop our young people into responsible users of tech

44:23 - **Chris Margocs**

Ridiculous use of teachers and officers' time...

44:27 - **Kathy Mouton**

Digital tools equated to weapons.

44:51 - **Chris Margocs**

Luckily, a lot of nearby districts are going to BYOD...

45:02 - **Lissa**

kids don't read the AUP

45:04 - **Lissa**

they just sign it

45:07 - **Kathy Mouton**

Allergy to certain foods; get rid of food

45:19 - **Kathy Mouton**

Ludicrous

45:21 - **Faye McConnell**

policies are just that but we need guidelines for teachers and students

45:38 - **@tasteach**

our role is to read the AUP with the students before we use the computers in our rooms

45:40 - **Suz Arnott**

hehehe I make my own kids read their school's AUP before they sign it :)

45:41 - **Verena Roberts**

Check out what Louisiana is doing: <http://www.ksla.com/story/19185417/cell-phones-in-the-classroom-its-the-law>

45:50 - **Faye McConnell**

great thanks

45:53 - **Chris Margocs**

Weren't Ian and Trevor doing this as well?

46:00 - **Verena Roberts**

Education and tools to promote social media ...)

46:43 - **Verena Roberts**

@Christ - thats why we need to connect as educators....we need to learn what's going on everywhere....

46:53 - **Verena Roberts**

@Chris sorry not @Christ

46:55 - **Verena Roberts**

:)

47:18 - **Ilene**

I like the term netizenship

47:28 - **Kathy Mouton**

Good to see Louisiana ahead rather than behind other states (LOL)

47:40 - **Verena Roberts**

Someone has to be the leader!

48:24 - **Chris Margocs**

@ Verena--LOL! Yes, we need to know what's going on in similar arenas.

48:57 - **Verena Roberts**

That's why MOOC's - online learning, whatever it takes to connect and learn together....

49:12 - **Kathy Mouton**

It has been a great experience for me.

49:28 - **Chris Margocs**

:D

49:33 - **Verena Roberts**

Great to hear Kathy!

49:51 - **Kathy Mouton**

Lead by Example.

50:04 - **@tasteach**

the modelling is what I have always done when using blogs and wikispaces

50:48 - **Verena Roberts**

It is amazing how many student read the blogs and wikis (even if they don't comment) - The lurkers learn as well....so modelling is SO important...

51:07 - **Verena Roberts**

Sounds good Bill!

51:08 - **Chris Margocs**

Going to really have to think about incorporating this into my sped classroom, with small chunks of time and slow computer booting...

51:37 - **Kathy Mouton**

The reason a student feels the need to cyberbully is beyond our scope many times, but focusing on our students and their needs can be a small part of touching on their need to hurt others.

51:38 - **@tasteach**

Sorry everyone but I have to leave now, invited out for lunch in five minutes time

51:44 - **Verena Roberts**

[www.netizen.net](http://www.netizen.net)

51:53 - **@tasteach**

bye all

52:00 - **Mariemac4**

if the school districts would let us, I would love to

52:24 - **Lissa**

That was a travesty - people utterly acting like lemmings without knowing what Kony was all about

52:36 - **@tasteach**  
 Blogging, I will put in a promo for the student blogging challenge that I run twice a year <http://studentchallenge.edublogs.org> register now, starts in September

59:33 - **Kathy Mouton**  
 Tech is simply the vehicle

59:35 - **Chris Margocs**  
 :D Verena!

1:00:14 - **Kathy Mouton**  
 I agree!

1:00:15 - **Chris Margocs**  
 It really does boil down to communication--appropriate and respectful relationships.

1:00:18 - **Faye McConnell**  
 i agree not technology

1:00:27 - **Ilene**  
 he came to my school to speak to the students

1:00:41 - **Verena Roberts**  
 @Ilene - his Dad?

1:00:45 - **Ilene**  
 yes

1:00:52 - **Sharla**  
 Wouldn't you love for Bill to teach your child? I would!

1:01:00 - **Faye McConnell**  
 you bet!

1:01:10 - **Ilene**  
 yes!

1:01:18 - **Verena Roberts**  
Absolutely!

1:02:03 - **Kathy Mouton**  
chips are implanted in credit cards, etc.

1:03:01 - **Kathy Mouton**  
Much less stress and anxiety if we follow the right path.

1:03:13 - **Lissa**  
i know this story - really great example

1:03:47 - **Kathy Mouton**  
Importance of language as well

1:04:33 - **lindalobergan**  
anything can be used for good or evil

1:05:15 - **Kathy Mouton**  
Indeed, we are all teachers!

1:06:42 - **Lissa**  
case here in Montreal where a 17-year-old was beaten up by a guy who "invited" everyone to watch, via online...50 bystanders filming w/cell phones. Kid was hospitalized, only 1 person called 911 well after it had started

1:07:06 - **Kathy Mouton**  
This will date me, but I remember crank calling as a prank kids would do when they got together

1:07:20 - **Verena Roberts**  
I did that too...

1:07:28 - **Lissa**  
<http://www.canada.com/Hudson+student+severe+beating+recorded+YouTube/6469451/story.html> - the story

1:10:09 - **Chris Margocs**  
It was very helpful, Bill--great resources, great putting what we intuitively know into words and practice!

1:10:12 - **Sharla**  
Wow! Really enjoyed the presentation.

1:12:21 - **Sharla**

1:17:05 - **Chris Margocs**  
You're on, Kathy!

1:17:07 - **Verena Roberts**  
Hi KATHy - Go ahead!

1:17:08 - **Bill Belsey**  
Hi Kathy, I can hear you

1:18:21 - **Sandra H. 1**  
Thank you. Good information. Good night.

1:18:29 - **Lissa**  
everyone is a stakeholder and should become educated!

1:18:43 - **Chris Margocs**  
Lissa, I agree, this is not just for teachers.

1:19:06 - **Lissa**  
Chris - everyone who works with kids, and even organizations because as someone pointed out

earlier, adults cyberbully too!

1:20:11 - **Chris Margocs**

Yep, I've seen that, too...adult to adult. Very inappropriate...

1:21:23 - **Kathy Mouton**

What is the length of the course: timewise?

1:21:43 - **Verena Roberts**

Hi Bill - No matter what I do...my mic won't work - just want you to know I am VERY thankful and very appreciative of your time tonight....Can you update the wikispaces course, or send me the links? Slides? Thank you so much!

1:22:27 - **Chris Margocs**

@Verena--did my mike sound okay?

1:22:51 - **Verena Roberts**

Yes Chris - you were great! I have no idea what is going on with mine though....:)

1:22:56 - **Lissa**

People, that is an awesome price to pay for invaluable info

1:22:58 - **Chris Margocs**

Thanks so much, Bill!

1:23:04 - **Chris Margocs**

Thanks, Verena.

1:23:30 - **Verena Roberts**

Bandwidth issue...

1:23:54 - **Chris Margocs**

Ick, Verena.

1:24:13 - **Verena Roberts**

Hope it doesn't happen on Saturday....)

1:24:19 - **Suz Arnott**

thanks so much Bill.... and thank you Verena... got to grab some lunch before class starts

1:24:32 - **Chris Margocs**
